Prologue

[image]

"Where am I?" Appledusk asked.

"You are looking at your past." said a shadow cat

"Why? I'm happy where I am now."

"Selfish!" the shadow cat snarled, "how you treated Mapleshade caused her to be a murderer. Fix your mistakes our else your future will disappear."

Then, Appledusk fell into a hole in the ground.

Chapter 1

[image]

Appledusk remembered the shadow cat's words. He understood if the kits didn't drown, Mapleshade wouldn't kill anyone. He decided that he still had some time to go to the river and help Mapleshade and her kits cross.

As he got there, he saw Mapleshade. "STOP! The river is dangerous! the kits might drown."

He crossed and helped Mapleshade and the kits over. "I'll take you to a place near the edge of Riverclan territory. You should be safe there."

"Thank you so much!" said Mapleshade.

"I'll try to bring you fresh kill every day if you can't hunt. Quick! Let's go! A patrol should be here soon!" Appledusk felt good that he just stopped three murders from occurring, one being his own. He remembered Reedshine. Well, he won't be needing her anymore because Mapleshade is now a normal cat and he won't get in trouble.

Appledusk led Mapleshade and her kits into a hidden place in a hollowed-out willow, with a lot of space for Mapleshade and the kits to stay in.

"Remember I will be here tomorrow," he told Mapleshade.

Mapleshade thanked him and Appledusk left.

He hoped that no cat went out to find him.

Remember: This is a short story with short chapters.

Chapter 2

[image]

"Appledusk! There you are!"

Reedshine.great. Appledusk sighed. It's not like he needed her. He was just desperate not to get exiled. Now thinking about it, he realized how selfish he was. His kits just died and he only cared for himself!?! He knew why Mapleshade wanted to kill him now.

Appledusk dropped his catch onto the pile and padded up to Reedshine.

"What do you want?" he asked Reedshine.

"Whatever. Just do what you were doing."

Appledusk was annoyed. Reedshine was so annoying. Could have let her die in the first place. Guess it was just instinct protecting her.

"Perchpaw. Training. NOW."

Perchpaw grumbled and stumbled up. considering that he killed Mapleshade, he wasn't actually a great apprentice.

After training, Appledusk caught a fat rabbit and brought it to Mapleshade. Thunderclan cats clearly didn't like fish.

"Appledusk! The kits were waiting for you!" Mapleshade cheerfully mewed as she stepped out of the hollow tree with Patchkit, Petalkit, and Larchkit trailing after her. Hard to consider that Mapleshade would kill three cats mercilessly by looking at her now.

Mapleshade stepped up to Appledusk.

"Should I get revenge on Thunderclan?"

Chapter 3

[image]

Appledusk was horrified. He thought Mapleshade wouldn't kill anymore after her kits were saved.

"What? Thunderclan took away a good life from me. I was so close to becoming deputy. Lots of cats though I would be leader 1 day. Also, Ravenwing took that away from me."

Ravenwing was the only Thunderclan medicine cat. If he were to die like last time, Oakstar's daughter, Frecklewish, would die.

"Maybe I can bring you to Riverclan. You won't have a bad reputation there." Deep inside, Appledusk hoped that Riverclan wouldn't refuse Mapleshade but since she didn't appear on the territory as a broken wreck, she might be accepted.

"Worth a try. At least I'll be in a clan."

Appledusk was relieved that Mapleshade wasn't going to kill anyone.

He was reluctant to ask to teach her and her kits on how to fish and swim since they probably don't like water, but they probably need to know how in order to be accepted in Riverclan.

"First, I might need to teach you how to swim," he added bracing himself for a death glare.

Mapleshade looked horrified and stared at him. "My kits and I are not going to drown, are we?"

Appledusk scoffed."Of course not. You can practice in a little stream first. Fish is pretty good and easy to catch if you know how to. You can bring a fish as an offering to the clan. Hopefully, Darkstar won't turn down that offer."

After nearly a moon, Mapleshade and the kits overcame their fear of

water and actually became pretty good swimmers and were very good at catching fish.

Out of the corner of his eye, Appledusk caught a glimpse of a starry figure. It was the mysterious shadow cat that took him there in the first place.

"What do you want?" Appledusk asked warily.

"I see you have made an important choice, but remember, not all big important changes are good. It is up to the cat's heart to decide good or evil." after those words, the shadow cat disappeared.

Appledusk was confused. Could that mean Mapleshade would still be evil?

He shrugged the thought off. Mapleshade had no reason to kill him or any other cat now she would probably join Riverclan and have a good clan. Perhaps she could even become deputy...

Chapter 4

[image]

"So Mapleshade is your mate from Thunderclan who was exiled? Give me a reason I shouldn't chase her off Riverclan territory." Darkstar clearly wanted answers.

Appledusk felt his stomach flip. If Darkstar were to chase Mapleshade away, he would be at the receiving end of Mapleshade's wrath. "She and her kits can hunt and swim, Mapleshade knows all of Thunderclan's tactics which might help us in battle, and Larchkit, Petalkit, and Patchkit will become strong warriors one day."

Darkstar looked pleased with the second reason. He clearly wanted an advantage if a fight with Thunderclan. "She and her kits can stay, as long as they can prove useful for the clan."

Appledusk let out a sigh of relief. Mapleshade wasn't becoming evil anytime soon.

"You are dismissed, Appledusk. Go help Mapleshade and the kits in the nursery." Darkstar mewed, clearly scheming something in his head.

Appledusk went to the nursery. "How are the kits?" he asked Mapleshade.

"Fine. I'm the only queen in here and Reedshine threatened me and said something about you loving her more."

Appledusk was fuming. How dare that fish-brain threaten his mate? He never loved her. They were just friends. " I never loved Reedshine. That fish-brained fox-heart is lying to you." he scowled.

"Why is papa angry?" Petalkit asked curiously.

"Come one Petalkit, let's play moss ball!"Petalkit's brothers called.

As Appledusk stepped out of the nursery, he came face to face to

Reedshine.

"What do you want?" he snarled, "don't threaten Mapleshade or my kits! I don't and I have never loved you!"

Reedshine curled her lips in disgust. "Mapleshade and your precious kits will suffer!"

Just then, Perchpaw walked up.

"Will you teach more about fighting in the water? You haven't taught me all of it yet. I want to become a warrior as soon as possible."

Reedshine is lucky that Perchpaw interrupted or else her throat could have been clawed out.

After training, Appledusk headed back to camp only to see a horrible scene.

Reedshine was attacking Mapleshade.

Chapter 5

[image]

Appledusk instantly lunged at Reedshine.

"Don't touch her!" he snarled.

By then the whole clan had gathered. Darkstar emerged from his den. "Enough! Stop fighting! Reedshine. Why are you attacking Mapleshade? She is a nursery queen and her kits will be great warriors one day. You are not killing anyone today. Leave Riverclan and never come back."

"Fine!" Reedshine spat, "I'll get revenge one day!"

Appledusk noticed that Reedshine was turning into Mapleshade.

He padded up to Mapleshade.

"Are you all right?" he asked Mapleshade.

"Fine, but we might need to eliminate Reedshine because she might harm our kits."

Chapter 6

[image]

"I, Darkstar, leader of Riverclan, call upon my warrior ancestors to look down on these apprentices. They have trained hard to understand the ways of your noble code, and I commend them to you as a warrior in their turn.

Larchpaw, Petalpaw, Patchpaw, do you promise to uphold the warrior code and to protect and defend your Clan, even at the cost of your lives?"

"We do."

Then by the powers of Starclan, I give you your warrior names. Larchpaw, from this moment on you will be known as Larchleap. StarClan honors your strength, and we welcome you as a full warrior of Riverclan.

Petalpaw, from this moment on you will be known as Petallight. StarClan honors your courage, and we welcome you as a full warrior of Riverclan.

Patchpaw, from this moment on you will be known as Patchfur. StarClan honors your energy, and we welcome you as a full warrior of Riverclan.

After 9 moons since Mapleshade joined Riverclan, the clan was flourishing. Mapleshade and her kits proved to be great additions to the clan. All was well until the day Appledusk feared came.

"Cats of Riverclan!"Darkstar summoned all the cats.

"Thunderclan has taken over Sunning Rocks. We must attack them. Mapleshade, Milkfur, Splashfoot, Eeltail, Rainfall, Perchfoot, Appledusk, Streampaw, Pebblepaw, Larchleap, Petallight, and Patchfur are coming. We will attack. Mapleshade, now is your time to prove yourself. Tell us all of Thunderclan's battling moves. We

will be victorious and Sunning Rocks will be ours."

Mapleshade trained all of Riverclan Thunderclans battling tactics. In less than half a moon, the clan was ready for battle. "Cats of Riverclan, we will be attacking Thunderclan and taking back Sunning Rocks today!" With a flick of her tail, Darkstar led her cats across the river.

Mapleshade went out onto Sunning Rocks first as bait.

"A patrol is coming. Get ready." At the same moment, a Thunderclan patrol emerged from the bushes. The patrol consisted of Frecklewish, Beetail, Bloomheart, Seedpelt, and Nettlebreeze.

"You!" snarled Frecklewish, "get off our territory. We can kill you right now!"

Mapleshade looked unfazed.

"Riverclan, attack!" All of the Riverclan warriors rushed from the river and dived towards the Thunderclan warriors.

In the heat of the battle, it looked like Mapleshade and Frecklewish were fighting.

"So you need a clan to take care of you? Should have thought about that before you betrayed Thunderclan." Frecklewish taunted.

"I don't need Thunderclan. Riverclan is much better. Too bad you die today."

Then, Mapleshade lunged at Frecklewish. She bold her over and delivered the killing bite.

"Thunderclan, retreat! We need back-up to defeat Riverclan!" Beetail, the deputy, ordered the patrol. The Thunderclan cats fleed into the undergrowth.

"What do we do about her?" suddenly, Appledusk focused his gaze on Frecklewish's dead body.

"Who cares? That arrogant fish-brain thought she couldn't defeat

Riverclan. Throw her into the river." Mapleshade clearly didn't care if Thunderclan gave her a proper burial at all.

"We'll just leave her here. She can be eaten by the hawks and be turned into crow-food for all I care." Darkstar retorted, "is anyone hurt?"

Appledusk looked around. Splashfoot, Eeltail, and Milkfur seemed to have small scratches, but nothing much.

~~~~~~~~~~~~~~~~~~~~~~~~~~

A few moons after the battle, Mapleshade came up to Appledusk.

"I'm expecting another litter of your kits!"
~~~~~~~~~~~~~~~~~~~~~~~~~~

Chapter 7

[image]

Appledusk was happy but nervous at the same time.

His was afraid that if the kits were killed by someone (most likely Reedshine), then Mapleshade would go into a full-on rampage murder mode.

Mapleshade was excited but Appledusk knew more than she did about revenge.

"Don't worry, if Reedshine touches any one of them, she'll be the last one to die at my paws that's not in battle." Mapleshade was pretty prepared if Reedshine attacked anyone.

Appledusk was skeptical if that meant Mapleshade would still kill cats. He wanted to make sure his mate was safe and that other cats won't be harmed. The safest place now would be the nursery.

"Then go to the nursery! I can't risk you being attacked by Reedshine right now!" Appledusk fretted.

"Calm down. She'll never get past the camp walls." Mapleshade was weirdly calm even though her life was clearly at risk.

Appledusk got Mapleshade settled into the nursery and Appledusk went out to hunt.

Mapleshades's POV

Mapleshade knew. She had to live her life again too. She knew Appledusk had to too.

Because Appledusk decided to help her and that her kits didn't die, she wouldn't kill. Frecklewish was already dead, she didn't have to kill anymore. As she was settling in, Petallight walked in. "You're

visiting me? How did you know I was having kits again?" Mapleshade thought Appledusk went hunting and didn't tell anyone. Petallight looked confused. "You're expecting kits?" Now Mapleshade was confused. "Why are you here then?"

"I'm expecting kits!"

Chapter 8

[image]

Mapleshade was horrified. Reedshine would attack her AND Petallight now.

"I'll go on a walk. Wanna come?" Petallight asked.

"Sure."

As the she-cats were walking, a ginger she-cat launched out at them.

As if on cue, Appledusk walked past the undergrowth and saw the three she-cats.

"Mapleshade, Petallight?" what are you doing here.

He turned around and saw Reedshine.

"You," he snarled.

Reedshine pinned him down and before she could deliver the killing bite, a black shape flew out of the undergrowth and launched himself at Reedshine.

"Don't kill my mentor!" the black cat was Perchfoot. He slashed Reedshine's stomach and bit her neck, sort of like the way he killed her before.

"I will have my vengeance!" Reedshine snarled before she collapsed on the ground dead.

A/N

If you can tell, this is still Mapleshades PoV. Perchfoot is Petallight's mate and yeah. See you next time! Don't forget to check out my

other books.

Chapter 9

[image]

Appledusk's PoV

Appledusk thought he was dead then he heard Perchfoot screech. "Don't hurt my mentor!"

He looked up and saw Perchfoot standing above Reedshine's body. *She died the same way Mapleshade did.* Appledusk thought. Then Perchfoot collapsed.

"Perchfoot!" Petallight screeched. *Oh. Perchfoot told me that he and Petallight were mates.*

Appledusk quickly got up and walked toward his former apprentice. There was a gash on his neck.

"He's still breathing. The camp is too far. Someone fetch Thunderclan's medicine cat!" Petallight screeched clearly worried for her mate and not knowing her history with Thunderclan.

"One thing I know about Thunderclan," Mapleshade warned Petallight, "is that they hate me. They know you are my daughter. They want us to suffer. Especially Ravenwing, the medicine cat. He's the reason why you are in Riverclan."

"Just go fetch Streamshine, (a random cat I just made up. There's no Riverclan medicine cat listed in the allegiances of Mapleshade's Vengeance) she'll help!"

Appledusk rushed back to camp. "Streamshine! Perchfoot... attacked...Reedshine...neck wound...help!"

Streamshine immediately gathered some herbs and cobwebs.

When they came, it was almost too late.

After waiting for a very long time, Streamshine mewed, "He'll be okay. The wound isn't too deep."

Appledusk was relieved. His former apprentice was saved.

"Errrr, what do we do with Reedshine's body?" Petallight was hesitant to ask, knowing that she had tried to kill her before.

"Give it to Thunderclan. We don't need a stinking corpse here."

---

2 moons later...

Petallight gave birth to two healthy kits, Sandkit and Ripplekit.

Appledusk was content. He and Perchfoot went hunting.

"Let's split up so we can catch more prey," Perchfoot suggested.

As Appledusk was hunting near Thunderclan territory, he heard a cat yowl

"Thunderclan attack!" Appledusk turned around and saw all of Thunderclan charge towards him.

Appledusk ran all the way back to camp as fast as he possibly could.

When he got there, he managed to stutter out "Thunderclan...attacking..." then he dropped to the ground.

Then Thunderclan bursted into the camp. They were quickly outnumbered and beaten.

"What is the meaning of this?" Darkstar ordered.

"Why did Riverclan leave a corpse in our territory and sheltering a murderous traitor?" At that point, Mapleshade was treated as if she was born in Riverclan.

"Mapleshade is a member of Riverclan. She has proven her loyalty. The only reason Frecklewish is dead is that you thought you could take over of Sunning Rocks. Get out before we have Thunderclan

fur lining out nests." Darkstar snarled into Oakstar's face.

"Thunderclan retreat." Oakstar was clearly defeated.

Appledsuk though everything was fine again until Mapleshade screeched.

"Appledusk! Mapleshade is kitting!" Streamshine yowled.

Appledusk rushed over.

"This one is Willowkit, Duskkit, and Shykit."

Appledusk purred. He was content. What could possibly go wrong?

Chapter 10

[image]

6 Moons Later...

Mapleshade's PoV:

Her kits were now apprentices. Little Duskkit wanted to become a medicine cat since Streamshine wouldn't live forever. Her only worry was Ravenwing and that worry came true.

~~~~~~

Ravenwing's PoV:

Mapleshade somehow managed to squirm into the ranks of Riverclan. He wanted revenge to bad. Luckily, Starclan seemed to be in his favor. Mapleshade had another litter and one of them wanted to be a medicine cat. He could just murder her when she was at the Moonstone. His plan was in action.

After the other medicine cats fell asleep, he crept up and attacked Duskpaw. He cleaned himself of the blood and pretended to be asleep.

~~~~~~

Mapleshade's PoV:

As soon as Streamshine dragged Duskpaw's body in, she knew Ravenwing did it.

Duskpaw was barely breathing and seemed lifeless.

Mapleshade padded up to Appledusk.

Surprisingly, it was Appledusk who said,

"I know who did it. It was Ravenwing."

A/N:

This story is almost over! What's your feedback? Sequel? Two more chapters after this one! The chapters will be short (It's a short story).

Chapter 11

[image]

Mapleshade slid through the shadows of her old camp. She was here to kill Ravenwing. Ravenwing had almost killed poor Duskpaw at the Moonstone.

She easily slipped past Nettlebreeze who was on guard. Thunderclan needed to improve their guard system. Nettlebreeze knew she was there but stared blankly at her.

She slipped into the medicine cats den. Ravenwing was there in his nest he was going to die in.

Mapleshade swiftly clawed out his throat and walked out of the medicine den and went straight towards the exit. Appledusk and Perchfoot were waiting outside. "How was it. Is he dead?"

"Yeah. Let's go" Mapleshade beckoned everyone to leave with a flick of her tail.

As Riverclan territory came into sight, the small patrol heard a booming voice behind them.

"Mapleshade, please explain why Ravenwing is dead?" Oakstar demanded.

"Maybe because he almost killed Riverclan's medicine cat apprentice." Appledusk shot back.

Nettlebreeze comprehended Mapleshade coming into Thunderclan camp. Mouse-dung!

Appledusk's PoV:

Before he knew, Mapleshade flew at Oakstar.

She slashed at his throat and they had a battle.

Although Oakstar was stronger, Mapleshade was swift.

Mapleshade kicked Oakstar's stomach and help him down.

"Let's make this as slow and painful as possible," Mapleshade laughed evilly.

She swiftly ran her claws down Oakstar's stomach. The Thunderclan leader screeched before gasping and lay lifeless on the ground.

"Come on guys, let's go."

Then a pale brown she-cat came to Mapleshade.

"I'm Sparrowfeather, Thunderclan's new deputy. Beetail died in a squirmish with Shadowclan. Thank you. Thunderclan will honor you."

At her words, Appledusk immediately recognized her as an evil cat, one who was in the Dark Forest.

"Hurry guys. Our business here is down."

Chapter 12

Sparrowfeather/star's PoV (remember her?):

I almost lost my first life laughing. Oakstar was dead. As a leader now, the Dark Forest will finally realize I am more powerful than anyone.

I appointed a fellow Dark Forest trainee, Silverhawk as deputy. The forest will bow down to us.

Starclan will fall.

Oakstar and his kin are worthless. Mapleshade will be honored as a hero for the Dark Forest until the end of times.

Once the Clan's unite, we'll drive out the Twolegs.

You don't know how much you helped us Mapleshade, not at all...

A.N.

Hey guys! Change of plans, more chapters. This cat is going to be Tigerstar I's role model.

Anyways, I won't be working on Appledusk's Mistake very often anymore. I need to work on homework (my teacher suddenly dropped a million tons of homework on me, which is hard because I'm in advanced classes.) With my time, I'll probably work on Leafpool's Decision and Ivypool's Choice. Longer chapters! Thanks for understanding!

-Night

P.S.: Also, did I forget to add playing video games? I'm gonna do that more often now.

Chapter 13

Appledusk's PoV:

I came up to Mapleshade. I wanted to talk to her about Sparrowstar.

When I came up to her, it's like she read my mind.

"Sparrowstar's a Dark Forest cat. Dangerous. Hopefully, she doesn't destroy the clans with her power."

Then Milkfur burst into camp, panting.

"Spiketail's dead! Windclan killed him!"

Spiketail was the Riverclan deputy. If he was dead Darkstar would have to appoint a new deputy.

Darkstar immediately slid out of her den.

"Where's Spiketail?" she asked right before Eeltail dragged his body into camp.

Scars crisscrossed his flank and his throat was ripped out. His death was gruesome.

Everyone mourned for the fallen deputy. Then it was time for Darkstar to appoint the new one.

"I say these words before Starclan, so that the spirits of our warrior ancestors may hear and approve of my choice. The new deputy of Riverclan is Splashfoot."

Then Splashfoot stepped up. "I would love to but I am too old I was hoping to retire to the elder's den. Make Appledusk the deputy. He's a good warrior."

My heart skipped a beat.

"Very well Splashfoot. I say these words before Starclan, so that the spirit of Spiketail may hear and approve of my choice. The new deputy of Riverclan is Appledusk."

Mapleshade rubbed her muzzle against my neck.

"Congratulations Appledusk!" she mewed, "you'll make a great leader one day.

I was dreaded the day that Darkstar would die, but her journey was over. I became Applestar, leader of Riverclan, with Perchfoot as my deputy. I will serve my clan, even when my time has come to walk with the stars...

Epilogue

Without evil Mapleshade, there was no evil.

I looked down on the clans.

They were thriving, with Skyclan rejoining them, the clans were finally back together all of them.

As time fades away, cats in Starclan fade away too.

We will all eventually be forgotten.

I will always serve the clans, long after I have faded...

I have made mistakes, but I will always fix them.

Hey guys! Thanks for sticking with me this whole time.

Writing this book was a journey we made together.

Sequel!

Since I'm too lazy to make a new book and cover, I'll just add the sequel in here! The sequel takes place between the last chapter and epilogue.

That means more evil Sparrowstar stuff and Darkstar dying!

Everything is planned out and perfect! I will upload the first chapter of the sequel in about 3 days.

Part Two - Mapleshade's Path - Chapter 1

Mapleshade's PoV:

Yep. How could anything go wrong?

I definitely recognize Sparrowstar from the Dark Forest.

She was mates with the medicine cat, Silverhawk.

They were both banished from Thunderclan and sent to the Dark Forest.

In short, Sparrowstar = uh oh for the clans.

I was pondering on this whole situation on a patrol.

Patrols are nice. It's a short break from life.

Back on track though, on the patrol, Sparrowstar herself came up to me.

"Seriously Mapleshade? Life decisions? Think about it."

Weird but I understood the meaning.

A warning. A big fat warning.

Chapter 4

Sparrowstar's PoV -

Well, war it is.

Chapter 5

Cats were dying everywhere.

Blood soaked the earth.

A single brown she-cat stood among the corpses.

On top of two very familiar cats...

Chapter 6

Sparrowstar's PoV -

"Reedshine. Can I ask you a favor?"

I was in the heart of the Dark Forest, where the evilest cats lived.

One of them was Reedshine.

"Go into that medicine cat apprentices head and give her a vision of my victory. And the death of her family.

Reedshine smiled wickedly.

"I'd love to."

Okay. Chapters will be shorter from now on but I will update more. Thanks!

Chapter 7

Duskpaw jolted up.

The horrid vision came into her head again. Her parents were dead. A ginger she-cat with striking but cold blue eyes stood on top of them...

"Oh no. Oh no. OH NO OH NO OH NO!" she screeched.

"Everyone pays my darling. Everyone pays."

Duskpaw turned around and saw the same cat from her vision.

Then, without warning, she fell into the earth.

Chapter 8

Appledusk's PoV -

"Darkstar. We need to attack now. Sparrowstar is a threat to the clans." I begged.

Darkstar looked at me. "Are you crazy? What did Sparrowstar do to you?"

Then, suddenly, Sandpaw rushed in crying.

"Petallight. She's dead. Thunderclan killed her."

Chapter 9

Mapleshade heard a cat shriek. A murder of crows flew out of a tree. A black tom ran towards Petallight and buried his nose in her fur.

"No no no no no no no!!!" he muttered.

Mapleshade cried and buried her muzzle into Appledusk's fur.

Thunderclan would pay. And Sparrowstar will die.

Chapter 10

Time skip...

Shyheart and Willownose have become warriors. I'm so proud of them. Sparrowstar needs to die for killing Petallight. I just wish that she as never kitted. She's never done good. Then, it shot through me. Form alliances with the other clans. Attack at night and sneak through the shadows. A three-way attack. Windclan will dart in and strike before retreating, Shadowclan will jump through the shadows, and if the fight is by the river, Riverclan will drown them in the water. Perfect. Now we just need to wait for the right time...

(This is Mapleshade by the way)

Chapter 11

Two cats looked into a reflective pool. The light from the stars bounced off the pool and onto the walls of the cave.

"I fear the time has come to tell them," the first cat murmured.

"Yes. It is."

'\'\'\

Chapter 12

"Duskpaw. From this day on, your name will be Duskwater. May Starclan light your path and may you be a good medicine cat." (IDK how it works)

Duskwater was so excited. She was now a full medicine cat and was serving her clan completely.

Still, the prophecy from Starclan scared her. Thunderclan, Windclan, Riverclan, and Shadowclan were going to fight.

Maybe, just maybe, the clans would survive.

A/N

HEY GUYS!!! So, I'm taking a break from publishing on Wattpad to actually read the multiple stories in my reading lists and library that I haven't read yet and was supposed to a LONG time ago and to write some drafts for a new story idea I came up with. I don't know if I should publish it yet, because that writing piece is probably going to be better than the rest. Thanks for understanding!

P.S. - I posted this on all my other stories and announced it on my profile.

Chapter 13

Sparrowstar scoffed. Did the other clans really think she was dumb and didn't know about their rebellion against her? Who would be the next leader of Thunderclan then?

Sparrowstar assembled her forces to wait at the borders of Thunderclan territory.

If anyone ran off, she would personally snap off their necks.

She was laughing. Crying. At the same time.

The other clans would pay. She stood at the edge of the rushing river.

It was gushing and sweeping.

If a cat fell in, they were dead

There was no way the Riverclan vermin would get past it.

Suddenly, she felt something shove her forward.

She turned around and saw Nettlebreeze.

She snarled.

"Traitor!" she spat.

Sparrowstar was now in the river.

"SOMEONE HELP!" she yelled.

The cats of her clan stared at her.

"No one will help you, Sparrowstar. Even Silverhawk is dead," Nettlebreeze said cooly.

The other clans slipped out from the trees.

"We took care of all your supporters. They are traitors of Starclan."

"Goodbye Sparrowstar,"

The world slowly grew black from Thunderclan's leader.

Her tyrannic reign was over at last.

Epilogue

It was only after Sparrowstar's death that everyone found out the Darkstar was dying. She was lying in a pool of her own blood, coughing and spitting out the oozy red liquid. "Someone get a medicine cat!" Appledusk called frantically.

"No," Darkstar coughed, "Starclan is calling for me." Appledusk paced around Darkstar's body in a panic. "I'm not ready to be leader yet! I need more time!" he groaned. Darkstar shook her head, then finally, the lights went out of her eyes.

She was dead.

Everyone mourned for her. Many tears were shed. Time flew past, faster than a diving hawk, and Appledusk was waiting at the Moonstone. Mapleshade was still mourning for the leader than let her and her kits stay at Riverclan. She remembered her kindness and compassion, and her strict side that pained her to put up.

She was in a better place now, a place where the sun would always shine on her pelt, where there would be fish swimming in the rivers, where she could be happy.

That made her smile.

A/N

It's finally over. After the long journey we took together, it's finally over.

To everyone who read up to this point, here are some imaginary cookies.

I can't believe it's over!

Honestly, I don't deserve the honor of such wonderful readers. Even though my writing is the literal WORST, people still read it.

Shocked.

Well, we have progressed so far, and now, it is goodbye.

Thank you
